GRAMMAR ACTIVITIES UNIT 2:
Past Tenses

Past simple · Past continuous — Topic: Operating Systems & Virtualization

Name: _____ **Class:** _____ **Date:** _____

1 Past simple: affirmative, negative and questions

Complete the sentences with the verb in brackets in the past simple. Look at the type: (+) affirmative, (–) negative, (?) question. Then circle R if the verb is regular or I if it is irregular.

#	Type	Sentence	Regular / Irregular
1	+	The IT team INSTALLED *(install)* Ubuntu on the classroom computers last week.	R / I
2	–	The virtual machine DIND`T START *(not / start)* because there wasn't enough RAM.	R / I
3	?	DID you CREATE *(create)* a snapshot before the update?	R / I
4	+	I _____ *(choose)* VirtualBox as the hypervisor for my project.	R / I
5	+	Microsoft RELEASED *(release)* a new Windows security update yesterday.	R / I
6	–	We DOESN`T GIVE *(not / give)* the VM enough disk space.	R / I
7	?	Which operating system _____ they _____ *(use)* on the server?	R / I
8	+	The technician _____ *(configure)* the network adapter in bridged mode.	R / I
9	+	My laptop _____ *(freeze)* during the Windows update.	R / I
10	–	The students _____ *(not / back up)* their files before they formatted the disk.	R / I
11	?	_____ the administrator _____ *(send)* you the login credentials?	R / I
12	+	She _____ *(build)* a virtual lab with three Linux machines.	R / I
13	+	The antivirus _____ *(delete)* an infected file from the system.	R / I
14	–	The old PC _____ *(not / run)* Windows 11 because of its old CPU.	R / I
15	?	How long _____ the installation _____ *(take)*?	R / I

REMEMBER (–) didn't + base verb · (?) Did + subject + base verb · regular verbs: -ed · irregular verbs: 2nd column (choose → chose)

2 Past simple & past continuous

Complete the sentences with the past simple or the past continuous. Think: which action was in progress (long) and which one interrupted it (short)?

TIP while + past continuous (long action) · when + past simple (short action) · was / were + verb-ing

1. While I WAS INSTALLING *(install)* Windows on the VM, the power WENT *(go)* off.
2. The server _____ *(work)* normally when the hackers _____ *(attack)* it.
3. We WERE UPDATING *(update)* the system when the screen TURNED *(turn)* blue.
4. What WERE you DOING *(do)* when the virtual machine CRASHED *(crash)*?
5. He WASN`T PAYING *(not / pay)* attention while the teacher WAS EXPLANIG *(explain)* how hypervisors work.
6. While they WERE CONFIGURING *(configure)* the virtual network, they FOUND *(find)* a serious error.
7. I WAS DONWLOADING *(download)* a Linux ISO image when my Internet connection STOPPED *(stop)* working.
8. The technicians WERE TESTING *(test)* the new operating system when the boss ARRIVED *(arrive)*.
9. WHERE you RUNNING *(run)* two VMs at the same time when the computer FROZE *(freeze)*?
10. While the students WERE TAKING *(take)* the exam, the teacher SAW *(see)* a virus warning on the screen.

Well done! Now write two sentences about a problem you had with a computer, using both tenses.

1.

2.
