WHILE YOU WATCH · Answer the questions in full sentences

1 Why has Navi Pillay been awarded the 2026 Nobel Peace Prize?

Navi Pillay has been awarded the 2026 Nobel Peace Prize for her efforts to promote peace and international law. She worked as lawyer defending Nelson Mandela and other anti-aparthied activists, and later she became a judge in important interncional cases. The committee says she has a strong moral compass and that she helped make sure that war crimes and genocide are prosecuted.

2 Why do some countries disagree with the decision?

Some countries disagree with the decision because of Pillay´s work on international justice. she led a UN investigation that said Israel committed genocide in Gaza, and Israel rejected the report. The Unite States also criticised the prize, and it has imposed sanctions on the Internacional Criminal Court, so these countries do not support her work.

3 Navi Pillay began defending human rights because of Apartheid. What was Apartheid and when did it happen?

Apartheid was a system of racial segregation and discrimination in South Africa. The white minority goverment controlled the country, and black people and other groups had fewer rights and were separated by low, for example in schools, jobs and neighbourhoods. It began in 1948 and ended in the early 1990s, and in 1994 Nelson Mandela was elected president in the first democratic elections.
